WORK EXPERIENCE

Bicol University Health Sciences Library — **Legazpi City**
IT Support & Web Development Intern — *Feb 2026 – May 2026*

- Developed a backup system project that provides a fallback library portal that can be used when the main OPAC is unavailable. Built with React, Supabase, and Tailwind CSS.
- Technical assistance, troubleshooting hardware and software issues.

Pixel8 Web Solutions and Consultancy Inc. — **Legazpi City**
Software Engineer Intern — *Jan 2026 – Feb 2026*

- Developed a Mobile Application Inventory System using Vue.js, Quasar Framework, PHP, and Docker, implementing features such as CRUD operations, inventory viewing, restocking, and product management.
- Collaborated with fellow Software Engineer trainees, UI/UX designers, and supervisors in the development of the mobile inventory system, translating Figma designs into functional user interfaces.

PROJECT EXPERIENCE

MySchedMate — **Legazpi City**
Capstone Project – Co-Developer — *Aug 2024 – Dec 2025*

- Developed a secure full-stack web application using PHP, MySQL, JavaScript, HTML, and CSS.
- Automated work schedule generation based on student class availability.
- Implemented QR code-based attendance tracking with automated work-hour calculations.
- Built role-based dashboards for Student Assistants, Admins, and Super Admins.
- Applied secure authentication and web security practices, including password hashing, CSRF protection, XSS prevention, and session management.

LEADERSHIP & VOLUNTEER EXPERIENCE

SUI Code Camp — **Ligao City**
Mentor — *July 2026*

- Mentored participants on SUI development, guiding them in understanding the platform and its core features.
- Assisted students in building their own SUI-based portfolios, providing support in design, structure, and implementation.

DEVCON Legazpi Chapter — **Legazpi City**
Technical Volunteer — *May 2026 – Present*

- Assisted with the technical setup and operation of audio-visual equipment, ensuring smooth execution of event programs and presentations.
- Coordinated with the event team to ensure proper technical preparation and smooth transitions throughout the program.

Unleash Hack Legazpi 2026 — **Legazpi City**
Programming & Logistics Facilitator — *January 2026*

- Facilitated programming-related activities and provided technical assistance to participants throughout the hackathon.
- Supported event logistics, coordinated with organizers and participants, and helped ensure the smooth flow of activities.
